

28

A technical line drawing of a dome-shaped pendant light fixture. A vertical line represents the suspension cord, ending in a small connector that fits into the top of the light fixture. The fixture is a large, smooth dome. In the center of the dome, a light bulb is depicted. The bulb has a rounded base, a narrow neck, and a wider top section. To the left of the dome, a vertical dimension line with horizontal end caps indicates the height from the base of the dome to the top of the bulb's main body. Below the dome, a horizontal dimension line with vertical end caps indicates the diameter of the base of the dome.
